

**Take a
deep breath
knowing your
CPAP equipment
is clean.**

VIRTUCLEAN

Introducing the VirtuCLEAN! The smallest, quietest CPAP/Bi-Level equipment cleaner that will properly disinfect your equipment in 30 minutes!

VIRTUCLEAN

features

- Kills 99.99% of all germs and bacteria in your CPAP/Bi-Level equipment in only 30 minutes!
- Requires no soap, water, or cleaning solutions
- Small and portable, weighs only ½ pound
- Ultra quiet
- 18 month warranty

It is recommended to clean your PAP equipment each day of use. Some PAP users, such as yourself or loved one, clean their equipment with soap and water in their sink, this is a timely process that few people follow and even fewer users do properly.

Contact your CPAP supplier for more information!
